

## **林才民醫師- Dr. Tsai-Ming Lin**

Dr Lin is one of the young generation plastic surgeons in Taiwan with welltraining in plastic, reconstructive and aesthetic surgery at Kaohsiung Medical University. He is now active in advocating for Micro-Autologous Fat Transplantation (MAFT) which was conceptualized in 2006 by him and fully executed by his innovative invention, MAFT-GUN®. He travels all over the world to give lectures and shares the experience on how this new technique was done and how it works by live surgery demonstration. Dr Lin is presently the director of the Charming Institute of Aesthetic & Regenerative Surgery (CIARS) in Kaohsiung, Taiwan and the assistant professor of Kaohsiung Medical University.
